

Criminal History Questionnaire

The security and safety of employees and the people with which we do business is a critical concern for Valero. As such, your willingness to provide information regarding criminal convictions is appreciated. A conviction will not necessarily disqualify you from further consideration in the selection process. This information only will be used for job-related purposes consistent with applicable laws and only is relevant in determining whether a conviction is related to the job to which you are applying. Mitigating factors such as age at the time of the offense(s), recentness of the offense(s), seriousness of the offense(s), nature of the violation(s), its relation, if any, to the job you are seeking, and rehabilitation efforts will be taken into account. Failure to honestly answer these questions will result in discontinued consideration of your application or termination of employment.
